*What goes with eggs, you ask? This medium bodied white should be recognized for its delicate sweetness and complimentary acidity. You can taste the harmony! Soft minerality, apples, pears, honey and subtle floral notes. This is not an average Vouvray, but rather the good-value you've been looking for to compliment your omelettes, savory soufflés, and even that wonderful, warm, pear and blue cheese pastry that I'll never forget at Chateau Magnol. A Vouvray with great style and class.*
